

## French Lighting Poles

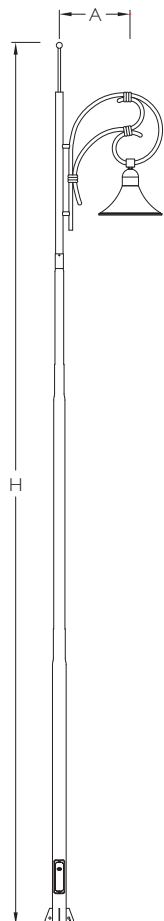

**K-LITE**

**French pole** is an architecturally designed solution which is discreetly fused with modernity. Superb strength characteristics make these products ultra reliable.

### Features:

- French pole with single / double arm is designed for street lighting, suitable for various pendant type luminaires.
- This architecturally designed pole is structurally sound. Pole design parameters vary depending on the type of bracket and loading factor.
- Pole sections are swaged and joint together using special v groove technique by certified welders using high end MIG welding processes.
- Built-in control box with cast aluminium service door and safety rope.
- The control gear tray is prewired with MCB, terminal connectors for loop-in loop-out arrangement.
- CE - Conformity mark

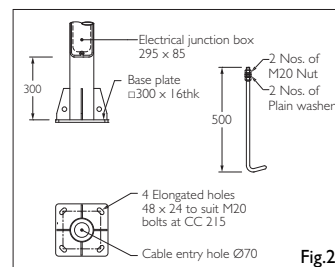

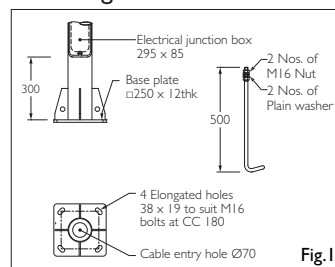

ID	Arm	A	H	Mounting
KP-8290	Single Arm	725	6000	Fig.1
KP-8291	Double Arm	1450	6000	Fig.1
KP-8255	Single Arm	725	9000	Fig.2
KP-8256	Double Arm	1450	9000	Fig.2

**Finish :** Coated with epoxy zinc phosphate primer and finished using environmentally stable polyurethane based paint.

**Applications :** Various luminaire options make it suitable for main / secondary roads, streets, boulevards and public places.

**Installation :** Surface mounted with base plate and fitted on a pre formed foundation.
