

Osprey Lighting Pole

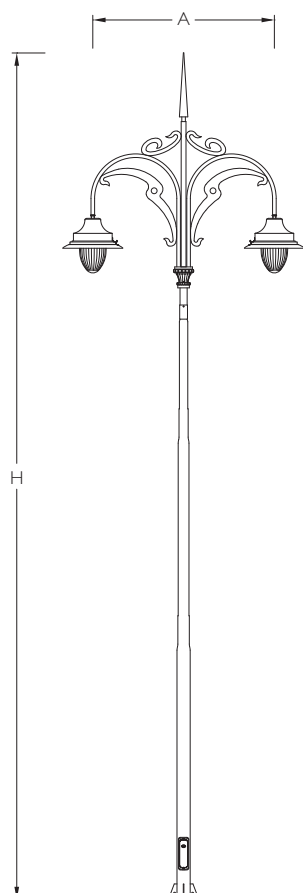

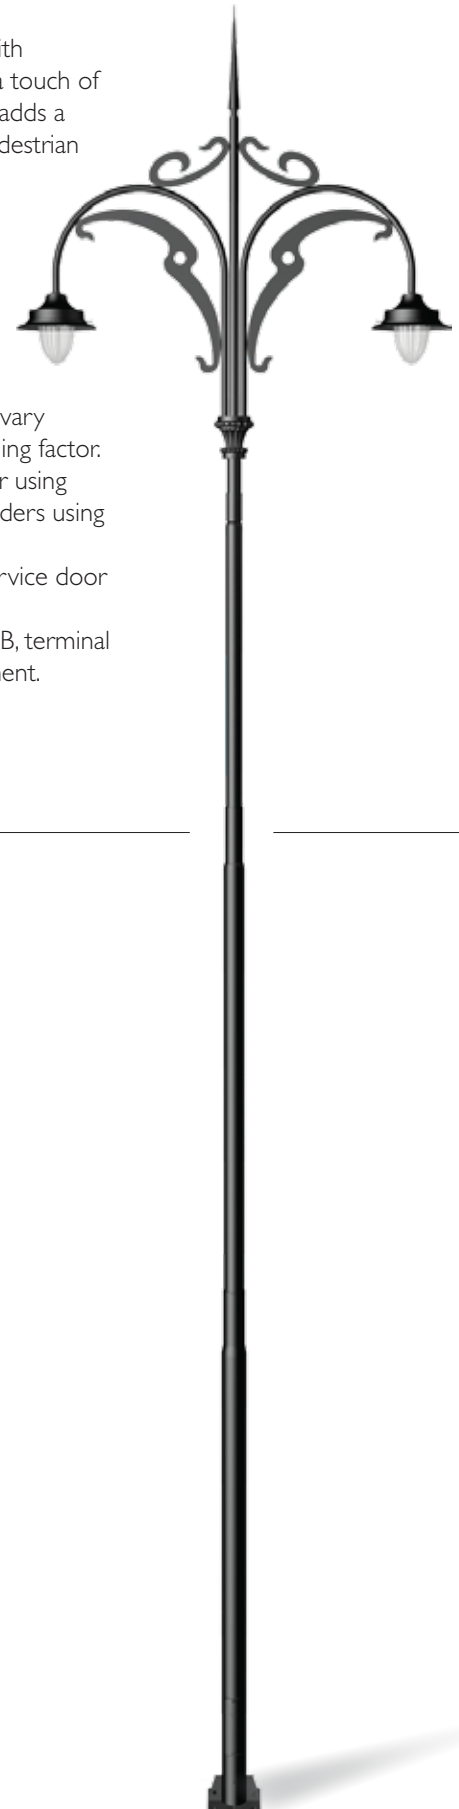

K-LITE

Osprey is an arched tubular artistic design with inventive style and proven integrity, giving it a touch of timelessness. The 'Spread' feeling of Osprey adds a touch of charm to lighting for boulevards, pedestrian paths & recreation spaces

Features:

- Osprey pole with single / double arm is designed for street lighting, suitable for various pendant type street lighting luminaires.
- This architecturally designed pole is structurally sound. Pole design parameters vary depending on the type of bracket and loading factor.
- Pole sections are swaged and joint together using special v groove technique by certified welders using high end MIG welding processes.
- Built-in control box with cast aluminium service door and safety rope.
- The control gear tray is prewired with MCB, terminal connectors for loop-in loop-out arrangement.
- CE - Conformity mark

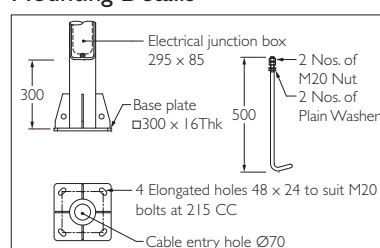

ID	Arm	A	H
KP-8249	Single Arm	965	9000
KP-8250	Double Arm	1930	9000
