

## Pelican Persil Lighting Pole

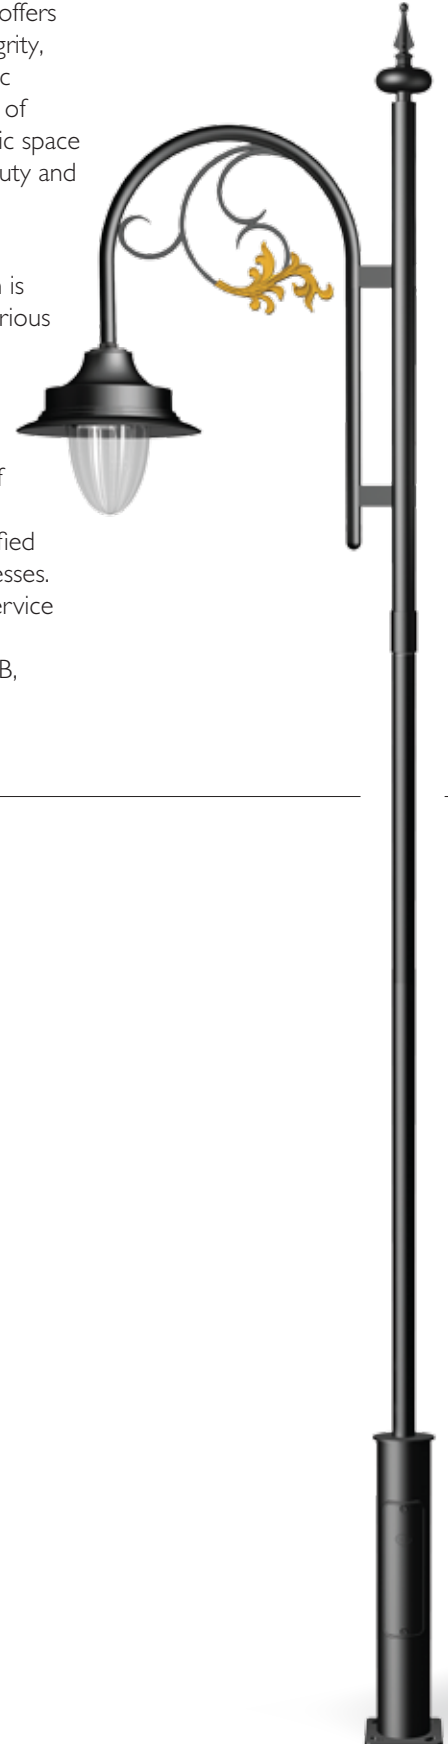

**K-LITE**

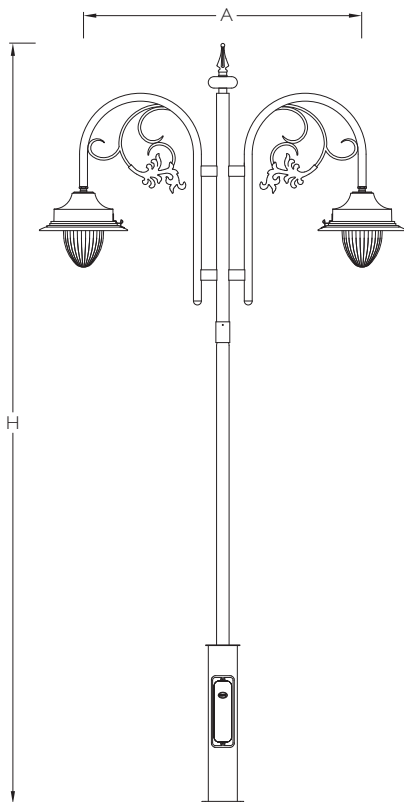

**Pelican Persil** with its arched tubular design offers artistic, inventive style and solid, proven integrity, giving it a touch of timelessness. From stylistic considerations to the more practical aspects of durability, reinforcing the character of a public space and offer you the consummate blend of beauty and business.

### Features:

- Pelican Persil pole with single / double arm is designed for garden lighting, suitable for various pendent type luminaires.
- This architecturally designed pole is structurally sound, engineered to withstand adverse conditions. Pole design parameters vary depending on the type of bracket and loading factor.
- Pole section welded to base plate by certified welders using high end MIG welding processes.
- Built-in control box with cast aluminium service door and safety rope.
- The control gear tray is prewired with MCB, terminal connectors for loop-in loop-out arrangement.

| ID      | Arms       | A    | H    |
|---------|------------|------|------|
| KP-4732 | Single Arm | 670  | 3050 |
| KP-4733 | Double Arm | 1340 | 3050 |
| KP-4734 | Single Arm | 670  | 3660 |
| KP-4735 | Double Arm | 1340 | 3660 |
