Swaged Pole

**Knotty** pole is a contemporary arched design which suits the clean aesthetics of modern architecture. It reinvents lighting equipment with appeal simplicity and elegance.

#### Features :

- Knotty pole with single / double / asymmetric arm is designed for street lighting, suitable for various luminaires.
- This architecturally designed pole is structurally sound. Pole design parameters vary depending on the type of bracket and loading factor.
- Pole sections are swaged and joint together using special v groove technique by certified welders using high end MIG welding processes.
- Built-in control box with cast aluminium service door and safety rope.
- The control gear tray is prewired with MCB, terminal connectors for loop-in loop-out arrangement.
- CE - Conformity mark

#### Fixture Options

Visagapatnam Urban Development Authority, Rishikonda, Visagapatnam

**Finish :** Coated with epoxy zinc phosphate primer and finished using environmentally stable polyurethane based paint.

**Applications :** Various luminaire options make it suitable to light roads, street, boulevards and public places.

**Installation :** Surface mounted with base plate and fitted on a pre formed foundation.
