

French Furrow Florian Lighting Poles

K-LITE

French Furrow Florian is an architecturally designed solution which is discreetly fused with modernity. Superb strength characteristics make these products ultra reliable.

Features:

- French Furrow Florian pole with single / double arm is designed for street lighting, suitable for various pendant type luminaires.
- This system has a decorative cast aluminium base with grooved column.
- Pole design parameters vary depending on the type of bracket and loading factor.
- Pole sections are swaged and joint together using special v groove technique by certified welders using high end MIG welding processes.
- Built-in control box with cast aluminium service door and safety rope.
- The control gear tray is prewired with MCB, terminal connectors for loop-in loop-out arrangement.
- CE - Conformity mark

ID	Arm	A	H
KP-8276	Single Arm	725	6000
KP-8277	Double Arm	1450	6000
