Polar pole with light

K-LITE introduces Polar Lighting Poles for contemporary urban infrastructure

Chennai – Designed for streetscapes and public spaces, K-LITE's Polar Lighting Poles combine architectural expression with high-performance illumination. Available in configurations including Single Arm, Double Arm, L-Arm, V-Arm, Square Arm and Parallel Arm, the poles integrate LED modular lighting with durable steel construction engineered to withstand demanding outdoor conditions. Reflecting a growing emphasis on design-led urban infrastructure, the system balances aesthetic versatility with energy efficiency, offering high-lumen output, low power consumption and environmentally conscious lighting for city beautification projects.
