K-LiTE

Leva-8

Surface mounted LED luminaires suitable for wall, ceiling & floor applications which adds elegance to commercial, historical and modern architecture.

Product Description

- Luminaire body made of aluminium alloy (grade 6063) of high strength and heat dissipation performance.
- Safety clear toughened glass.
- Silicone gasket.
- Equipped to take multiple optics for varied wall grazing & wall washing distribution
- All external screws used are in stainless steel.
- Mounting bracket to facilitate proper aiming of the luminaire at desired angle during installation.
- Wall, ceiling and floor mount options with adjustable brackets.
- Constant voltage non integral power supply
- Luminaire power cord for single colour 2 x 1.0mm² rubber wire of 0.5 metre length.
- LED versions available with 3000K (Other CCT's on request).
- Low Voltage at 24V dc assures safety.

Product Benefits

- Versatile use, Simple installation
- Varied optics
- Sustainable LED technology offers durability and optimal light output with low power consumption.

Areas of Application

Building Facade, Architectural focal points, Bridges, Landscapes, Architectural elements.

Available Finish Pure polyester powder coated

• RAL 7024 Graphite Grey

Note : It is our constant endeavor to upgrade the performance of our products. For the latest technical information, IES files and product updates please refer to the website at www.klite.in
